

# Accutech Accessories

Part Number	Description	
<b>Software and Configuration Tools</b>		
327102	Accutech Manager configuration and diagnostics software	
297525	Smartcable - Universal Interface Cable: For USB, RS232, Base Radio and output module	
<b>Output Modules</b>		
297526	4A0:	4-Channel Analog Output module 4-20mA, DIN rail mount
297527	8SW:	8-Point Closure Output module, DIN rail mount
297528	4A0-8SW:	4-Channel A/O and 8 Switch D/O module, DIN rail mount
<b>Power</b>		
297853	120/240VAC to 24VDC Power Supply:	15W, wall socket plug-in type
297529	120/240VAC to 24VDC Power Supply:	15W, DIN rail mount
297530	Field Unit Replacement Battery Kit:	1 "C" Cell Battery
297531	Field Unit Replacement Battery Kit:	2 "D" Cell Batteries (FL10 Float Level only)
297532	Field Unit Replacement Battery Kit:	4 "D" Cell Batteries (FL10 Float Level only)
297533	Field Unit Replacement Battery:	Clip version for legacy Accutech products
<b>Remote Antenna Kits for BR10 and Field Units</b>		
297534	OMNI 6db remote antenna:	With lightning arrestor and 10 foot cable
297535	OMNI 6db remote antenna:	With lightning arrestor and 25 foot cable
297536	OMNI 6db remote antenna:	Indoor use only
297537	YAGI 7db remote antenna:	With lightning arrestor and 10 foot cable
297538	YAGI 7db remote antenna:	With lightning arrestor and 25 foot cable
297539	YAGI 7db remote antenna:	Indoor use only

- Ordered as part of the Remote Antenna Kit (Includes Antenna)
- Ordered as part of the BR10 or Field Unit with the Remote Antenna Option

## Remote Antennas & Cables for BR20 Base Radio

<b>Communication Cables</b>		
297821	Communication Cable, RJ45 (Male) to DE9P (Male) via 3 wires (Tx,Rx,Gnd), 10 feet (3.05m)	
297822	Communication Cable, RJ45 (Male) to RJ45 (Male) via 3 wires (Tx,Rx,Gnd), 10 feet (3.05m)	
297824	Communication Cable, RJ45 (Male) to DE9S (Female) via 3 wires (Tx,Rx,Gnd), 10 feet (3.05m)	
<b>Accutech Radio Options</b>		
297287	OMNI, 6db, with integrated N-Female connector, (2) C1005 clamps (requires feedline cable - N Male Conn.)	
297521	Cabinet mount antenna, 3 ft. (0.91m) cable, (Reverse Polarity) RPSMA connector, Rated to -22 C (-4 F)	
297522	LMR200-3RP, cable from RPSMA antenna connector to 297273, 3 ft. (0.91m), RPSMA Male to N Male	
<b>Long Haul Trio Radio Options</b>		
297299	YAGI, 10db, with RG213 lead with N-Female connector, (1) C1001 Clamp	
297287	OMNI, 6db, with integrated N-Female connector, (2) C1005 clamps	
297272	LMR200-3, cable from Trio antenna connector (SMA Male) to 297273, 3 ft. (0.91m), SMA Male to N Male	
<b>Antenna Cable &amp; Options (For Accutech &amp; Trio Long Haul Radios)</b>		
297294	25 ft. (7.62m) LMR 400 feedline for listed OMNI or YAGI Antenna, N-Male connectors on both ends, (5) ty-wraps	
297295	50 ft. (15.24m) LMR 400 feedline for listed OMNI or YAGI Antenna, N-Male connectors on both ends, (10) ty-wraps	
297276	75 ft. (22.86m) LMR 400 feedline for listed OMNI or YAGI Antenna, N-Male connectors on both ends, (15) ty-wraps	
297553	Surge suppressor, cable mount with ground screw, N-Female connection on both sides	
297273	Surge suppressor, bulkhead mount, N-Female connection on both sides	

Part Number	Description	
<b>Mounting Hardware</b>		
297540	2" Mounting Bracket:	For differential pressure field unit, (wall or pipe-mount)
297541	2" Pipe Yoke:	For field unit, base radio and remote antenna
297542	5" Universal Straight Bracket:	For acoustic field unit
297543	5" Universal Angle Bracket:	For acoustic field Unit
297544	7" Universal Straight Bracket:	For acoustic field unit
297545	7" Universal Angle Bracket:	For acoustic field Unit
297546	7" Universal Twist Bracket:	For acoustic field Unit
<b>Network Devices</b>		
297547	RS485 To RS232 Converter:	DIN rail mount
297548	RS485 To RS232 Converter:	Base radio output, cable mount
297549	RS485 Modbus to TCP/IP Converter	
297550	RS485 to RS485 Isolator:	DIN rail mount
<b>Miscellaneous</b>		
297551	Portable Diagnostics Kit:	Includes BR10 base radio, Accutech Manager, field accessories and case
297552	Stainless Steel Tag
